Website Change Log

ALL CHANGES DONE TO THE SITE to be logged here for a reference and debugging purpose.
(last one at the top)

May 24, 2025 VR - The Drupal 10 version of the website has been deployed to production.

Jan 15, 2019 - single step log in, family members email, members reports for exports, purged non-member registered users

2019 - new membership expiry logic implemented

July 24, 2012 - DA: Fixed checkout (krumo) warnning message
June 28, 2012 - DA: Added **MailLog** module
May 06, 2012 - DA/ZC: Default option for Notifying users when change is done to the Outing page is changed so that notification goes on every save, as per Aleks' mail request. (1 hr)

Oct 26, 2011 - DA: Added **Nastawgan section**.
Oct 25, 2011 - DA: Added Legend popup window on**Nastawgan Index** pages.
Oct 25, 2011 - ZC: Default front page was changed to "WCA_home" and that was causing the issue. It must be set to "front page" . (?? hrs)
Oct 24, 2011 12:00pm - a bug report; when new user attempts to join, the reistration part works but user is not automatically directed to the STORE to complete the membership purchase; hence, their status remains "Regi User" only and they never get exposed to the benefits of the WCA. It used to be that after completing the registration, user was handed off to the Store for compeltion of purchase. Need fix asap! Aleks

Aug 15, 2011 11:50 pm ZC - Changed IATS interface URL as per ticketmaster request. (1.5hrs with testing)

- Social Event Example (Option 1) unpublished (used as a test product for payments)

Aptil 9, 2011 - Member export file produces unalligned result when imported in excel; it's messy and practically unusable

April 1, 2011 - WCA Issue: cancellation message Event: Fall Turkey trip on Big East Lake

March 30, 2011 - when new member account is created, membership expiry time stamp doesn't stick.

Feb 9, 19:00 ZC - Generic product sales report added

Jan 11, 13:54 ZC - Member and Board forums installed with additionla fetures to

- additional forum ability to subscribe to e-mail notification at the thread level
- additional forum ability to attach various files to the original post and post replies (doc.pdf.jpg.txt.png.xls.mpg,etc.)
- WCA member site update
- WCA admin site update
- there was a bug in the forum showing Array text instead of links login or register to post commnets for public users. Bug in the modulu Menu Trails was causing this isseu. Modul is updated and issue is resolved.

Oct 31, 11:50 ZC - IATS interface, REJECT 40 - detected potencial reject handeling bug that may have caused order #204 to show as OK although IATS did not accept the card. A simple fix applied. No impact on valid credit cards processing. uc_authorizenet module changed.

Oct 23, 17:45 ZC - Added Store Management ->Wine & Cheese Report

Oct 15, 17:00 ZC - Changed Manage Store ->Add Store Product to Add Product. To be used for new WCA events with registration fee. (Similar to Fall Meeting product) Products created this way will have Access tab enabled.

Oct 15, 17:10 DA - Added Events to Upcoming events listing.
